

Hard Times

Intro: GDAD

D
Let us pause in life's pleasures and count its many tears,
A A7 D
While we all sup sorrow with the poor. **G D**

There's a song that will linger forever in our ears
G D A D
Oh hard times come again no more

D
While we seek mirth and beauty and music light and gay **G D**
A A7 D
There are frail forms fainting at the door; **D**

Though their voices are silent, their pleading looks will say
G D A D
Oh hard times come again no more.

Chorus

D
'Tis the song, the sigh of the weary, **G D**
G A A7
Hard times, hard times come again no more.

D
Many days you have lingered around my cabin door **D**
G D A D
Oh hard times come again no more.
